MOBIUS Bylaws

I. Name and Purpose

The name of this consortium is MOBIUS. Its purpose is to provide students, faculty, and staff of Missouri's academic institutions with the broadest array possible of information resources in an easy, timely, and seamless manner, regardless of the geographic location of patrons or resources.

II. Membership

A. MOBIUS is a consortium of accredited Missouri institutions of higher education and the Missouri State Library. A Missouri institution is an institution whose principle administrative headquarters is in Missouri. Members of MOBIUS must be a Higher Learning Commission of the North Central Association of Colleges and Schools accredited (or advanced to candidacy status) Missouri institution of higher education. Members may be either public or not-for-profit independent institutions. An institution with more than one campus is considered a single member if all campuses are accredited by the North Central Association as part of a single institution. A member must have a library, a collection, a librarian, and an acquisitions budget and must agree to participate in resource sharing, including online direct patron borrowing.

B. The Chief Executive Officer of each member institution must sign the Memorandum of Understanding and the institution must adhere to its principles.

C. To be a member in good standing, the institution must comply with all components of the Memorandum of Understanding, the Bylaws, and Policies of MOBIUS available on the web. Each member shall meet its financial obligations to the consortium as a condition of continued membership. MOBIUS charges are due upon invoicing.

D. If a member materially breaches its duties and obligations, the Council, upon recommendation by the Executive Committee, may terminate the institution's membership.

E. MOBIUS may enter into resource sharing agreements with libraries other than those who qualify for MOBIUS membership upon approval of the MOBIUS Council. Such arrangements shall be governed by the MOBIUS Cooperating Partners policy.
